Dear President Biden,

(You, your business, or organization) strongly supports the designation of Chuckwalla National Monument and Expansion of Joshua Tree National Park. We also endorse using the Antiquities Act to allow President Biden to make this designation.

(Your reasons may differ and feel free to replace these or include them!)

The preservation of our natural and cultural resources is vitally important to the future of this region. Creation of Chuckwalla National Monument would ensure land conservancy and protection of the habitats of desert species. Indigenous cultures would be preserved to the benefit of future generations.

We ask President Biden to act on this proposal for the people of Riverside and Imperial Counties, California.

Sincerely,
